

**Supplementary Table 1.** Variable description, portion sizes, and differences between each food item in the WebQ between version 1 (McCance and Widdowson) and version 2 (Nutrient databank + other changes).

	McCance and Widdowson's	Portion size	Nutrient databank + other changes	Portion size	Portion size	Portion size
Variable description	Food item		Food item			Description of differences with previous version
Salt added to food	add_salt		4:add_salt	1:	-75%	More realistic portion size for daily amount of 'salt at the table'; qualitative measure, this is the same quantity for everyone responding 'yes'.
Alcoholic drinks: beer, lager or cider	alcohol_beercider		574:alcohol_beercider	574:	0%	
Alcoholic drinks: other drinks (e.g. cream liqueurs, medium or high strength liqueurs)	alcohol_other		25:alcohol_other	25:	0%	Mapped to liqueurs
Alcoholic drinks: spirits	alcohol_spirits		23:alcohol_spirits	23:	0%	
Alcoholic drinks: sherry, port, fortified wine	alcohol_wine_fort		50:alcohol_wine_fort	50:	0%	
Alcoholic drinks: red wine	alcohol_wine_red_large		250:alcohol_wine_red_large	250:	0%	
Alcoholic drinks: red wine	alcohol_wine_red_med		175:alcohol_wine_red_med	175:	0%	
Alcoholic drinks: red wine	alcohol_wine_red_small		125:alcohol_wine_red_small	125:	0%	
Alcoholic drinks: rose wine, sparkling rose wine	alcohol_wine_rose_large		250:alcohol_wine_rose_large	250:	0%	
Alcoholic drinks: rose wine, sparkling rose wine	alcohol_wine_rose_med		175:alcohol_wine_rose_med	175:	0%	
Alcoholic drinks: rose wine, sparkling rose wine	alcohol_wine_rose_small		125:alcohol_wine_rose_small	125:	0%	
Alcoholic drinks: white wine, sparkling white wine	alcohol_wine_white_large		250:alcohol_wine_white_large	250:	0%	
Alcoholic drinks: white wine, sparkling white wine	alcohol_wine_white_med		175:alcohol_wine_white_med	175:	0%	
Alcoholic drinks: white wine, sparkling white wine	alcohol_wine_white_small		125:alcohol_wine_white_small	125:	0%	
Biscuits or cookies with chocolate or half coated in chocolate	biscuit_choc		17:biscuit_choc	17:	0%	
Fully coated chocolate biscuits, can include cream or wafer filling	biscuit_choccov		24:biscuit_choccov	24:	0%	
Fully coated chocolate biscuits, can include cream or wafer filling			biscuit_choccov_gf	24:		:Gluten free version added to the updated version (however no gluten free code available at the time so the non-gluten free code was used)
Biscuits or cookies with chocolate or half coated in chocolate			biscuit_choc_gf	17:		:Gluten free version added to the updated version (however no gluten free code available at the time so the non-gluten free code was used)
Biscuits sweet e.g digestive, gingernut, shortbread	biscuit_sweet		17:biscuit_sweet	17:	0%	
Gluten free biscuits sweet e.g digestive, gingernut, shortbread			biscuit_sweet_gf	17:		:Gluten free version added to the updated version
Gluten free baguette, ciabatta, panini, sub: brown or with added fibre			bread_baguette_gf_nonwhite	95:		:Gluten free version added to the updated version
Gluten free baguette, ciabatta, panini, sub: not specified type so includes white, brown or with added fibre			bread_baguette_gf_unanswered	95:		:Gluten free version added to the updated version
Gluten free baguette, ciabatta, panini, sub: white			bread_baguette_gf_white	95:		:Gluten free version added to the updated version
Baguette, ciabatta, panini, sub: granary, brown, high fibre white, 50/50 white and wholemeal	bread_baguette_mixed		95:bread_baguette_mixed	95:	0%	
Baguette, ciabatta, panini, sub: wheatgerm, rye, white sliced	bread_baguette_other		95:bread_baguette_other	95:	0%	
Seeds for seeded bread: e.g sesame, sunflower, poppy	bread_baguette_seeded		3:bread_baguette_seeded	3:	0%	
Fat that is spread (medium amount) onto baguette: ticked butter but not specified amount of % fat	bread_baguette_spread_butter_dunno_med		12:bread_baguette_spread_butter_dunno_med	15:	25%:	125% of the weight on a bread roll; food composition as butter and spreadable butter
Fat that is spread (thick amount) onto baguette: ticked butter but not specified amount of % fat	bread_baguette_spread_butter_dunno_thick		15:bread_baguette_spread_butter_dunno_thick	18.75:	25%:	125% of the weight on a bread roll; food composition as butter and spreadable butter
Fat that is spread (thin amount) onto baguette: ticked butter but not specified amount of % fat	bread_baguette_spread_butter_dunno_thin		10:bread_baguette_spread_butter_dunno_thin	12.5:	25%:	125% of the weight on a bread roll; food composition as butter and spreadable butter
Fat that is spread (medium amount) onto baguette: ticked butter, normal amount of % fat	bread_baguette_spread_butter_fat_med		12:bread_baguette_spread_butter_fat_med	15:	25%:	125% of the weight on a bread roll
Fat that is spread (thick amount) onto baguette: ticked butter, normal amount of % fat	bread_baguette_spread_butter_fat_thick		15:bread_baguette_spread_butter_fat_thick	18.75:	25%:	125% of the weight on a bread roll
