Supplementary figure 1: A network of authors contributing to COVID-19 research in Africa. This includes 147 authors who have contributed not less than 3 papers. Scattered nodes show groups of collaborating authors while links between individual authors within the group are plotted.

Supplementary figure 2: A network of keywords that co-occur greater than 5 times in the 1296 articles. A total of 231 terms from 3661 keywords were entered into this network and clustered into 6

groups, which are shown with different colors. The most frequent terms are “Humans” (blue) and “COVID-19 (red).
