

# Supplementary Figures

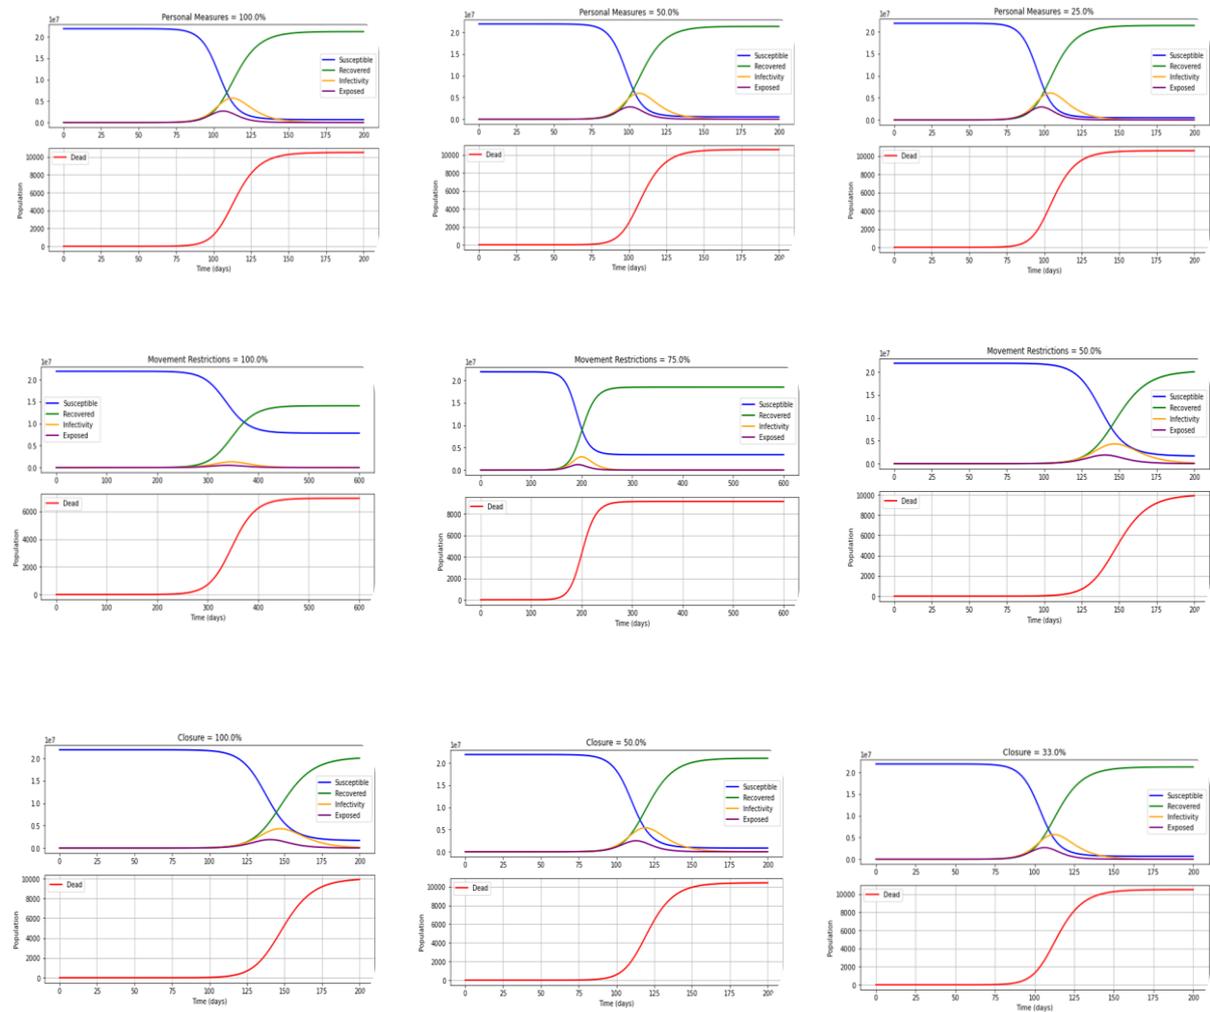

**Supplementary Figure 1. Predictions of SEIRD with 70% of personal protection, 15% of movement restrictions and 15% of closure places with  $R_0$  of 4 with different strategies**

**Supplementary Figure 2. Predictions of SEIRD with personal protection, movement restrictions and closure of places with  $R_0$  of 4 with equal weight (33%) for all three dynamic variables**

### Supplementary Figure 3. Predictions of SEIRD with 10% of personal protection, 60% of movement restrictions and 30% of closure of places with $R_0$ of 4.

**Supplementary Tables**

**Supplementary Table 1. Predictions of SEIRD: Without any measures and with all three strategies [personal protection, movement restrictions and closure of places].**
