

# Identifying Characteristics and Clinical Conditions Associated with Hand Grip Strength in Adults: The Baseline Health Study

## Supplemental Appendix: List of Candidate Covariates for Multivariable LASSO Regression

## Appendix. List of candidate covariates for multivariable LASSO regression

### A.1. Demographic and Baseline Characteristics

Variable Name	Definition	Description of Derivation
age_at_enrollmentd10	Age in years at baseline	(enrollment_date - DOB)/10
female	Self-reported sex at birth	N/A
race_asian race_black race_other	Self-reported race	N/A
hispanic	Self-reported Hispanic ancestry (yes/no)	N/A
current_smoker former_smoker	Self-reported smoking status at baseline	N/A
pack_years_smoked	Self-reported cigarettes smoked per day multiplied by years of regular smoking divided by 20	cigarettes_per_day * years_regular_smoking / 20

### A.2. On Site Assessments - Vitals and Physical Health Metrics

Variable Name	Definition	Description of Derivation
<del>systolic_blood_pressure</del>	Average of 2 systolic blood pressure readings (mmHg) measured at baseline	(sbp1_mmhg + sbp2_mmhg) / 2
<del>diastolic_blood_pressure</del>	Average of 2 diastolic blood pressure readings (mmHg) measured at baseline	(dbp1_mmhg + dbp2_mmhg) / 2
<del>vs_pulse_bpm</del>	Heart rate (bpm) measured at baseline	N/A
<del>body_mass_index</del>	Body weight (kg) divided by the square of height (cm) at baseline	weight_kg / (height_cm / 100) <sup>2</sup>
<del>vs_wc_cm</del>	Waist circumference (cm) at baseline	N/A
<del>vs_osat_pct</del>	Oxygen saturation (%) at baseline	N/A
<del>vs_rrate_bpm</del>	Respiratory rate (bpm) at baseline	N/A
<del>ankle_brachial_index</del>	Minimum of left and right ankle brachial index at baseline, using the maximum of left dorsalis pedis pressure and left posterior tibial pressure, maximum of right dorsalis pedis pressure and right posterior tibial pressure, and maximum of right and left brachial systolic pressure	Minimum between:  Max (left_dp + left_pt) / max (right brachial_pressure + left_brachial_pressure) and max (right_dp + right_pt) / max (right brachial_pressure + left_brachial_pressure)
<del>ratio_of_forced_expiratory_volume</del>	Ratio of forced expiratory volume (first third of forced breath) and forced vital capacity at baseline	FEV1 / FVC
<del>pperf_6mdis_m</del>	Total meters walked during 6 minute walk	N/A

	distance test at baseline	
<del>ten_meter_walk_speed</del>	Walking speed in meters per second using average of 3 fast walk trials during 10 meter walk test at baseline	6 / mean (fw1_sec + fw2_sec + fw3_sec)
<del>handgrip_dominant</del>	Average of 3 hand grip trials of dominant hand in kilograms at baseline	mean (right1_kg + right2_kg + right3_kg) or mean (left1_kg + left2_kg + left3_kg)
<del>single_legged_balance</del>	Average of left and right leg trials in seconds during single-legged balance test at baseline	(slb_left_sec + slb_right_sec) / 2
<del>sitting_rising_score</del>	Sum of sitting and rising scores during sitting-rising test at baseline	sitting_score + rising_score
<del>pperf_30sec</del>	Number of stands during 30 second chair stand test at baseline	N/A
<del>best_available_left_ventricular_ef</del>	Best available left ventricular EF from biplane, single and visual read data from resting echocardiogram at baseline	Biplane EF if available; if not then single plane EF; else visual EF
<del>lvmassi</del>	Left ventricular mass index from resting echocardiogram at baseline	N/A
<del>ees</del>	Coronary calcium score from coronary calcium scan at baseline	N/A

### A.3. On Site Assessments - Medical Conditions (60 most commonly reported), Symptoms (50 most commonly reported), and Allergies

Variable Name	Definition	Description of Derivation
<b>Mental Health-Related Medical Conditions</b>		
cc_depression	Self-reported major depressive disorder at baseline	N/A
cc_anxiety	Self-reported generalized anxiety disorder at baseline	N/A
cc_ptsd	Self-reported post-traumatic stress disorder at baseline	N/A
cc_bipolar	Self-reported bipolar disorder at baseline	N/A
cc_adhd	Self-reported attention deficit hyperactivity disorder at baseline	N/A
cc_drugabuse	Self-reported drug abuse (including prescription medications) at baseline	N/A
cc_alcoholabuse	Self-reported alcohol abuse at baseline	N/A
cc_concussions	Self-reported concussion or loss of consciousness at baseline	N/A

Physical Health-Related Medical Conditions		
cc_oa	Self-reported osteoarthritis at baseline	N/A
cc_gerd	Self-reported gastroesophageal reflux disease at baseline	N/A
cc_htn	Self-reported hypertension at baseline	N/A
cc_asthma	Self-reported asthma at baseline	N/A
cc_cataracts	Self-reported cataracts at baseline	N/A
cc_hypercholesterolemia	Self-reported hypercholesterolemia at baseline	N/A
cc_migraine	Self-reported migraine headaches at baseline	N/A
cc_dm2	Self-reported type II diabetes at baseline	
cc_sleepapnea	Self-reported sleep apnea at baseline	N/A
cc_colonpolyps	Self-reported colon polyps at baseline	N/A
cc_pneumonia	Self-reported pneumonia	N/A
cc_hypothyroidism	Self-reported hypothyroidism at baseline	N/A
cc_hearingloss	Self-reported severe hearing loss at baseline	N/A
cc_kidney_or_bladder_stones	Self-reported kidney or bladder stones at baseline	N/A
cc_arrhythmia	Self-reported arrhythmia at baseline	N/A
cc_gallbladder	Self-reported gallbladder disease at baseline	N/A
cc_tinnitus	Self-reported tinnitus at baseline	N/A
cc_ibd	Self-reported irritable bowel disorder at baseline	N/A
cc_osteopenia	Self-reported osteopenia at baseline	N/A
cc_nonmelanoma	Self-reported non-melanoma skin cancer at baseline	N/A
cc_osteoporosis	Self-reported osteoporosis at baseline	N/A
cc_hemorrhoids	Self-reported hemorrhoids at baseline	N/A
cc_gout	Self-reported gout at baseline	N/A
cc_glaucoma	Self-reported glaucoma at baseline	N/A
cc_bph	Self-reported benign prostatic hyperplasia at baseline	N/A
cc_diverticulosis	Self-reported diverticulosis at baseline	N/A

cc_pud	Self-reported peptic ulcers at baseline	N/A
cc_melanoma	Self-reported melanoma skin cancer at baseline	N/A
cc_diverticulitis	Self-reported diverticulitis at baseline	N/A
cc_hxmi	Self-reported myocardial infarction at baseline	N/A
cc_breast_cancer	Self-reported breast cancer at baseline	N/A
cc_copd_emphysema	Self-reported COPD (with emphysema) at baseline	N/A
cc_psoriasis	Self-reported psoriasis at baseline	N/A
cc_cad	Self-reported coronary artery disease (including angina) at baseline	N/A
cc_fibromyalgia	Self-reported fibromyalgia at baseline	N/A
cc_ra	Self-reported rheumatoid arthritis at baseline	N/A
cc_pe_or_dvt	Self-reported PE or DVT at baseline	N/A
cc_headaches	Self-reported chronic headaches (non-migraines) at baseline	N/A
cc_epilepsy	Self-reported epilepsy	N/A
cc_hashimotos	Self-reported Hashimoto's disease	N/A
cc_pvd	Self-reported peripheral vascular disease	N/A
cc_prostate_cancer	Self-reported prostate cancer	N/A
cc_nonalcoholfatty liverdx	Self-reported non-alcoholic fatty liver disease	N/A
cc_thyroidgoiter	Self-reported goiter	N/A
cc_hepc	Self-reported Hepatitis C	N/A
cc_dm1	Self-reported Diabetes type 1	N/A
cc_macular_degeneration	Self-reported macular degeneration	N/A
cc_stroke	Self-reported stroke	N/A
cc_afib	Self-reported atrial fibrillation	N/A
cc_tia	Self-reported transient ischemic attack	N/A
cc_hepb	Self-reported Hepatitis B	N/A
<b>Mental Health / Depression-Related Symptoms</b>		
mood_change	Self-reported mood change at baseline	N/A
nervousness	Self-reported nervousness at baseline	N/A

fatigue	Self-reported fatigue at baseline	N/A
lack_of_energy	Self-reported lack of energy at baseline	N/A
difficulty_concentrating	Self-reported difficulty concentrating at baseline	N/A
sleeping_pattern_changes	Self-reported sleeping pattern changes at baseline	N/A
appetite_changes	Self-reported appetite changes at baseline	N/A
<b>Physical Health-Related Symptoms</b>		
neck_or_low_back_pain	Self-reported neck or low back pain at baseline	N/A
stiffness	Self-reported stiffness at baseline	N/A
muscle_or_joint_pain	Self-reported muscle or joint pain at baseline	N/A
nasal_stuffiness	Self-reported nasal stuffiness at baseline	N/A
backache	Self-reported backache at baseline	N/A
runny_nose	Self-reported runny nose at baseline	N/A
urination_at_night	Self-reported urination at night at baseline	N/A
headache	Self-reported headache at baseline	N/A
floaters	Self-reported floaters at baseline	N/A
joint_pain_swelling	Self-reported joint pain swelling at baseline	N/A
pain_or_stiffness_in_the_neck	Self-reported pain or stiffness in neck at baseline	N/A
itching_skin	Self-reported itching at baseline	N/A
cough	Self-reported cough at baseline	N/A
dryness	Self-reported dryness (skin) at baseline	N/A
easy_bruising_or_bleeding	Self-reported easy bruising or bleeding at baseline	N/A
tension	Self-reported tension at baseline	N/A
tingling_or numbness_in_extremities	Self-reported tingling or numbness in extremities at baseline	N/A
tingling_or_pins_and_needles	Self-reported tingling or pins and needles at baseline	N/A
bloating	Self-reported bloating at baseline	N/A
heartburn	Self-reported heartburn at baseline	N/A

frequency_of_urination	Self-reported frequency of urination at baseline	N/A
constipation	Self-reported constipation at baseline	N/A
leg_cramps	Self-reported leg cramps at baseline	N/A
diarrhea	Self-reported diarrhea at baseline	N/A
ear_ringing	Self-reported ear ringing at baseline	N/A
heat_or_cold_intolerance	Self-reported heat or cold intolerance at baseline	N/A
night_sweats	Self-reported night sweats at baseline	N/A
dry_mouth	Self-reported dry mouth at baseline	N/A
excessive_belching_or_passing_of_gas	Self-reported excessive belching or Passing of gas at baseline	N/A
shortness_of_breath_with_exercise	Self-reported shortness of breath with exercise at baseline	N/A
memory_change	Self-reported memory change at baseline	N/A
lightheadedness	Self-reported lightheadedness at baseline	N/A
sinus_pain	Self-reported sinus pain at baseline	N/A
shortness_of_breath	Self-reported shortness of breath at baseline	N/A
swelling_in_calves_or_feet	Self-reported swelling in calves or feet at baseline	N/A
coughing_up_sputum	Self-reported coughing up sputum at baseline	N/A
urgency	Self-reported urgency at baseline	N/A
hay_fever	Self-reported hay fever at baseline	N/A
discharge	Self-reported discharge (nose & sinuses) at baseline	N/A
body_image_concerns	Self-reported body image concerns at baseline	N/A
hemorrhoids	Self-reported hemorrhoids at baseline	N/A
cramping	Self-reported cramping at baseline	N/A
numbness_or_loss_of_sensation	Self-reported numbness or loss of sensation at baseline	N/A
fa_ind	Self-reported food allergies (any vs. none, ignoring additional details about which allergen)	N/A
sa_ind	Self-reported seasonal allergies (any vs. none, ignoring additional details about which allergen)	N/A

nsa_ind	Self-reported non-seasonal allergies (any vs. none, ignoring additional details about which allergen)	N/A
ma_ind	Self-reported medication allergies (any vs. none, ignoring additional details about which allergen)	N/A

#### A.4. On Site Assessments - Mental Health Surveys

Variable Name	Definition	Description of Derivation
sds_total_score	Sheen Disability Scale total score (range 0, 30) at baseline	Sum of 3 individual questions
whodas_total_score	WHODAS 2.0 total score (range 0, 48) at baseline	Sum of 12 individual questions
phq9_sum_score	Patient Health Questionnaire-9 total score (range 0, 27) at baseline	Sum of 9 individual questions
gad7_total_score	Generalized Anxiety Disorder-7 total score (range 0, 21) at baseline	Sum of 7 individual questions
ace_total_score	Behavioral Risk Factor Surveillance System Adverse Childhood Experience Module total problem count (range 0, 11) at baseline	Sum of positive responses for each of 11 ACE questions

#### A.5. Blood Draw - Standard Laboratory Data

Variable Name	Definition	Description of Derivation
standard_labs_hemoglobin_gdl	Hemoglobin (g/dl) at baseline	N/A
standard_labs_serum_creatinine_mgdl	Serum Creatinine (mg/dl) at baseline	N/A
standard_labs_hdl_mgdl	High density lipoprotein (mg/dl) at baseline	N/A
standard_labs_ldl_mgdl	Low density lipoprotein (mg/dl) at baseline	N/A
standard_labs_triglycerides_mgdl	Triglycerides (mg/dl) at baseline	N/A
standard_labs_hba1c_pct_t1_hgb	Hemoglobin A1c (%) at baseline	N/A
standard_labs_alt_ul	Alanine aminotransferase (U/L) at baseline	N/A
standard_labs_ast_ul	Aspartate aminotransferase (U/L) at baseline	N/A
standard_labs_vitamin_d_ngml	Vitamin D (ng/ml) at baseline	N/A
standard_labs_crp_mgl	C-reactive protein (mg/l) at baseline	N/A

standard_labs_blood_glucose_mgdl	Blood glucose (mg/dl) at baseline	N/A
<del>neutrophil_lymphocyte_ratio</del>	Ratio between neutrophils (k/mcL) and lymphocytes (k/mcL) at baseline	neutrophils / lymphocytes
<del>standard_labs_mche_pet_rbc</del>	Mean corpuscular hemoglobin concentration (% RBC) at baseline	N/A
standard_labs_neutrophil_segments_pct_wbc	Neutrophil segments (% WBC) at baseline	N/A
standard_labs_neutrophils_thou_per_mcl	Total neutrophils (k/mcL) at baseline	N/A
standard_labs_lymphocytes_thou_per_mcl	Total lymphocytes (k/mcL) at baseline	N/A
<del>standard_labs_total_neutrophils_pct_wbc</del>	Total neutrophils (% WBC) at baseline	N/A
<del>standard_labs_lymphocytes_pct_wbc</del>	Total lymphocytes (% WBC) at baseline	N/A
standard_labs_magnesium_meql	Magnesium (MEQ/L) at baseline	N/A
<del>standard_labs_monocytes_pct_wbc</del>	Monocytes (% WBC) at baseline	N/A
<del>standard_labs_eosinophils_pct_wbc</del>	Eosinophils (% WBC) at baseline	N/A
<del>standard_labs_basophils_pct_wbc</del>	Basophils (% WBC) at baseline	N/A
standard_labs_monocytes_thou_per_mcl	Absolute Monocytes (k/mcL) at baseline	N/A
standard_labs_eosinophils_thou_per_mcl	Absolute Eosinophils (k/mcL) at baseline	N/A
standard_labs_basophils_thou_per_mcl	Absolute Basophils (k/mcL) at baseline	N/A
standard_labs_hematocrit_pct_rbc_blood	Hematocrit (% RBC to whole blood volume) at baseline	N/A
standard_labs_mcv_fl	Mean corpuscular volume (fL) at baseline	N/A
standard_labs_mch_pg	Mean corpuscular hemoglobin (pg) at baseline	N/A
standard_labs_mpv_fl	Mean platelet volume (fL) at baseline	N/A
standard_labs_platelets_per_cumm	Platelet count (cumm) at baseline	N/A
<del>standard_labs_albumin_creat_ratio_mgg</del>	Ratio between albumin and creatinine (mg/g) at baseline	N/A

standard_labs_rbc_mill_per_mcl	Red blood cell count (millions/mcL) at baseline	N/A
standard_labs_wbc_thou_per_mcl	White blood cell count (millions/mcL) at baseline	N/A
standard_labs_calcium_mgdl	Calcium (mg/dL) at baseline	N/A
<del>standard_labs_bilirubin_total_mgdl</del>	Total bilirubin (mg/dL) at baseline	N/A
<del>standard_labs_bilirubin_direct_mgdl</del>	Total direct bilirubin (mg/dL) at baseline	N/A
standard_labs_cholesterol_mgdl	Total cholesterol (mg/dL) at baseline	N/A
<del>standard_labs_lactic_dehydrogenase_ul</del>	Lactic dehydrogenase (U/L) at baseline	N/A
<del>standard_labs_ggt_ul</del>	Gamma-glutamyl transferase (U/L) at baseline	N/A
standard_labs_chloride_meql	Chloride (MEQ/L) at baseline	N/A
standard_labs_potassium_meql	Potassium (MEQ/L) at baseline	N/A
<del>standard_labs_alk_phosphatase_ul</del>	Alkaline phosphatase (U/L) at baseline	N/A
standard_labs_sodium_meql	Sodium (MEQ/L) at baseline	N/A
<del>standard_labs_co2_meql</del>	Carbon dioxide (MEQ/L) at baseline	N/A
<del>standard_labs_inorg_phosphorus_mgdl</del>	Inorganic phosphorus (mg/dL) at baseline	N/A
standard_labs_protein_serum_gdl	Protein in serum (g/dL) at baseline	N/A
standard_labs_albumin_gdl	Albumin (g/L) at baseline	N/A
standard_labs_uric_acid_mgdl	Uric acid (mg/dL) at baseline	N/A
<del>standard_labs_urea_nitrogen_mgdl</del>	Blood urea nitrogen (mg/dL) at baseline	N/A
<del>standard_labs_albumin_urine_mgl</del>	Albumin in urine (mg/L) at baseline	N/A
standard_labs_creatinine_random_urine_mgl	Creatinine in urine (mg/dL) at baseline	N/A
standard_labs_gfr_mdrd_ml_min	Glomerular filtration rate (mL/min/1.73 m <sup>2</sup> ) based on Modification of Diet in Renal Disease Study equation at baseline	N/A
<del>standard_labs_free_thyroxine_bg_dl</del>	Free thyroxine (ng/dL) at baseline	N/A

standard_labs_reticulocytes_bill_per_liter	Absolute reticulocytes (billions/L) at baseline	N/A
<del>standard_labs_reticulocytes_percent_rbc</del>	Reticulocytes (% RBC) at baseline	N/A
standard_labs_tsh_miu_per_liter	Thyroid stimulating hormone (mIU/L) at baseline	N/A
standard_labs_specific_gravity	Urine specific gravity at baseline	N/A
standard_labs_reaction_ph	Urine reaction pH at baseline	N/A

## A.6. Participant Portal (App) Surveys

### A.6.a. Mental Health Related App Surveys

Variable Name	Definition	Description of Derivation
panas_positive_affect_score	PANAS Mood Positive Affect total score (range 10, 50) from first survey completed	Sum of 10 individual questions
panas_negative_affect_score	PANAS Mood Negative Affect total score (range 10, 50) from first survey completed	Sum of 10 individual questions
swl_sum_score	Satisfaction with Life total score (range 5, 35) from first survey completed	Sum of 5 individual questions
sh_sum_score	Subjective Happiness total score (range 4, 28) from first survey completed	Sum of 4 individual questions
audtc_sum_score	Alcohol Use Disorders Identification Test - Concise total score (range 0, 12) from first survey completed	Sum of 3 individual questions
promis_intensity_score	PROMIS Pain Intensity total score (range 3, 15) from first survey completed	Sum of 3 individual questions
promis_interference_score	PROMIS Pain Interference total score (range 6, 30) from first survey completed	Sum of 6 individual questions
pss_sum_score	Perceived Social Support total score (range 12, 84) at baseline from first survey completed	Sum of 6 individual questions

### A.6.b. SES-Related Variables (Life Circumstances and Habits Survey)

Variable Name	Definition	Description of Derivation
educ_hs_or_less	Self-reported highest education level completed from first survey completed	N/A
inc_under_25	Self-reported household income from first survey completed	N/A
marital_married	Self-reported marital status from first survey completed	N/A
employ_not_working	Self-reported employment status from first survey completed	N/A

insured_no	Self-reported health insurance (yes/no) from first survey completed	N/A
------------	---	-----

**A.7. Sensors Data**

Variable Name	Definition	Description of Derivation
mean_steps_first_30_days	Average daily number of steps in the first 30 days in study (measured with study watch)	Daily step count in first 30 days / 30 days
mean_days_10hrs_wear_first_30days	Number of days of 10 hours of wear in the first 30 days in study (measured with study watch)
