

**UNIVERSITY OF GHANA
MEDICAL SCHOOL
DEPARTMENT OF COMMUNITY HEALTH**

September 14, 2020

Student Name: Wendy Muonibeh Bebobru
Proposal Id: UGMS-CHDRC/013/2020
Title: Prevalence and Factors Associated with Post-Casearean Section Wound Sepsis at Family Health Hospital, Teshie, Greater Accra Region.
(A Retrospective Audit)

PROPOSAL AND ETHICAL APPROVAL

The Community Health Department Review Committee (CHDRC) of the University of Ghana Medical School, has reviewed and given approval for the conduct of the above research by the final year Medical Student.

Progress of the research will be monitored and final output will be reviewed and assessed in partial fulfillment of the Final MBCh.B Examination of the Medical School.

Thank you.

Yours sincerely,

Prof. Alfred E. Yawson
(The Chairman / Head of Department, Community Health)
