Reflect on interests and desired areas of growth
Consult with mentor about:
• whether to try an inpatiant or outpatient elective
• Past and desired future exposure to
a. procedures
b. diagnoses
c. cat calles meaningfully participated in
d. exposure to age groups
e. procedures like phlebotomy and ultrasounds
Look on teaching management platform (like Blackboard) to read elective entries: summary of goals/ objectives, role description
Is information up to date?
No
Do materials really cover subject matter, not just a collection of papers?
No
Get updated information from ?
Do you have schedule restrictions?
Find mock schedule in materials or from others showing when will round, be done w clinic, etc.
Rule out schedule forbidding electives
Come up with short list
Read up on short list
Do you want more procedural experience?
No
Do you want more experience with acute decision making?
Consider PICU or procedural elective
